We pass up the profits on the broken lots we have left to accelerate the selling. They're just as good

As when the price was a third more. Dig up a little money and get a new hat.

**J. M. NEELY**  
Ocala, Florida.

The little son of Mr. and Mrs. Rossie Ellis Younge, Jr., is reported quite sick this morning.

Hon. B. H. Palmer, of Lake City, has been appointed judge of the third judicial circuit.

We are sorry to learn that Mr. Will Edwards, of the firm of Edwards Bros., is down today with quite a serious attack of bilious fever.

The names of the Ocala people who are absent for the summer fill a column and a half of the Ocala Banner. Ocala people must have money.

Colonel L. P. Miller, one of the most scientific and practical farmers in the county, is building an elegant two-story dwelling on his farm near Ocala. Mr. D. Gamble is the contractor and builder.

A free and easy expectation is produced by a few doses of Ballard's Horehound Syrup, in all cases of hoarseness, sore throat, or difficulty of breathing. Price 25 and 50 cts. Anti-Monopoly Drug Store.

The Religious Digest, of which Rev. J. R. Biggs is editor, will soon get out a special edition of 5600 copies for the relief of the First Christian church sufferers of Jacksonville. The watchful advertiser will take the advantage this edition offers.

The enterprising business men of Ocala have again succeeded in getting up another excursion to that city for the 29th inst. This will make about four excursions run to that point during the summer, which adds a great deal to the income of the city.—Gainesville Sun.

A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but two one dollar bottles of Foley's Kidney Cure effected a permanent cure." Anti-Monopoly Drug Store.

The agricultural display in the window of the up-town ticket office of the Seaboard Air Line railway continues to be increased. Tuesday some very fine specimens of kershaws were added to the collection by Messrs. Moser and Dehon, of Fellowship.

No one knows the unbearable torture, the peculiar and agonizing pain, caused by piles, unless they have suffered from them. Many believe them incurable. This is a mistake. Proper treatment will cure them. Tabler's Buckeye Pile Ointment is an infallible cure. Price 50 cents in bottles, tubes etc. Anti-Monopoly Drug Store. m

Miss Byrd Wartmann, of Citra, will begin a music class in Ocala on October 1st. She is an accomplished musician and is a graduate of the New England Conservatory of Music at Boston, Mass. Besides being an accomplished musician she is a gifted woman in other respects and will be a valuable acquisition to our city, and especially in church circles.

Wm. Finn, of Lima O., obtained excellent results from the use of Foley's Kidney cure. "It relieved my backache and severe pain over the hips. It toned my system and gave me new vim and energy. It is an honest and reliable remedy, a sure cure for all kidney diseases." Anti-Monopoly Drug Store. m

Maj. A. J. Teague, father of Messrs. Samuel W. and Frank A., passed through Ocala last Tuesday en route to Citrus county where he will visit for some weeks. He is eighty-three years old and is robust and vigorous for his age. He takes a horseback ride every day and says he can ride all day long without fatigue, but is not stout on his legs like he once was. Many useful years seem to be still in store for him.

Hon. H. C. Groves, postmaster, and one of the enterprising business men of Ocala, was in the city Sunday and yesterday. Judging from his close conference with Cols. Robinson and Chubb, it would appear "to a man up a tree" that he was not making any homestead entry, but filing his application for a job for the coming four years. Mr. Groves is one of the cleverest politicians in the state.—Gainesville Sun.

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holiday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by Anti-Monopoly Drug Store. m

An order was filed in the clerk's office of the United States court at Jacksonville Monday, appointing R. A. Burford, of this city, special master in the case of E. Jennie H. Richardson vs. the Camp Phosphate Company, et al.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Anti-Monopoly Drug Store. m

Mr. Alfred Ayer, assessor of revenue, and Mr. Thomas E. Pasteur, county treasurer, have just returned from a trip to Lake Weir, and are in love with the Radford Bros.' forty acre bearing orange grove and other smaller groves that they saw there in full bearing. All indications point to the fact that Marion county will again take her place as the greatest orange producing county in Florida.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure. For sale by Anti-Monopoly Drug Store. m

The late Justice Bradley, of the supreme court, was the son of a charcoal burner; Turner, the great painter, was the son of a barber; the mother of William E. Dodge, the philanthropist, kept a little thread and needle store; Peter Cooper worked for small wages in a glue factory; Lord Clive was regarded as a useless boy and was shipped to India to be gotten rid of; John Bunyan mended kettles and tin pans; Andrew Carnegie began life at fifty cents a week and Henry M. Flagler was a poor man at fifty. Don't be discouraged. The bottom rail does not always remain at the bottom nor the top rail at the top.

Tuskegee, Ala., July 28, 1878. Dr. C. J. Moffett—My Dear Sir: Justice to you demands that I should give you my experience with your excellent medicine, Teethina. Our little girl, just thirteen months old, has had much trouble teething. Every remedy was exhausted in the shape of prescriptions from family physicians. Her bowels continued to pass off pure blood and burning fever continued for days at a time. Her life was almost despaired of. Her mother determined to try Teethina and in a day or two there was a great change—new life had returned—the bowels were regular, and, thanks to Teethina, the little babe is now doing well. Yours, etc., D. W. McIVER, Editor and proprietor Tuskegee (Ala.) News. 8-16.

Whom It May or May Not Concern. To the Editor of the Ocala Banner:

The person must be very closely allied to the stupid, long-eared variety of animal who can read the Ocala correspondence to the Times-Union and Citizen and attribute the authorship to C. L. Bittinger, so that individual need not give himself the least concern about the same.

OCALA T. U. & C. CORRESPONDENT.

**A Double Marriage.** Messrs. Orchie Lloyd and John Ballard, formerly of this city, married twin sisters in Waycross, Ga., a few days ago. It was the old story of "love laughing at locksmiths." The visitors were nicely cared for and all fell in love with the place and its people.

### LINES TO DR. AND MRS. D. M. SMITH ON THE DEATH OF "LITTLE DADE".

As a tender mother guiding little steps,  
When places come, at which her feet  
Would trip lift up your little child in arms  
Of love, and set her down beyond all harm.  
So did "Our Father" watch your precious one,  
Led o'er the stones by you, who stumbled oft  
Yourself, but strove to help your darling on.  
He saw the sweet limbs faltering, and saw  
Rough ways before her, where your arms would  
fail.  
So reached from heaven, and lifting the dear  
child,  
Who smiled in leaving you. He put her down  
Beyond all hurt, beyond your sight, and bade  
Her wait for you. Shall you not then be glad,  
And thanking God, pass on to overtake?  
August 20th, 1901. M. L. B.

### Off For New York.

Mr. Edw. T. Helvenston, who has grown up in the mercantile business in this city, and made its varied features a life study, will start next Saturday on his ninth annual purchasing tour, and will visit before his return the cities of Boston, Philadelphia and New York.

Mr. Helvenston will leave Jacksonville Sunday morning on the Apache, the new steamer of the Clyde Line.

He will be gone three weeks and will devote the entire time in studying the market in the latest creations in winter fabrics, Mr. Weathers having already purchased the goods for the grocery and ready made clothing departments.

Mr. Helvenston will be assisted in his purchases by Mr. H. B. Masters in person and will have an eye single to please his lady customers, and we stand ready to guarantee that he will not fail in his efforts.

### The Kids at Anthony.

The Kids, true to their engagement, went to Anthony last Tuesday and met the Anthony team that afternoon. They were short three men but put up as nifty a fight as they could under the circumstances, the game ending with a score of 25 to 10 in favor of the Anthony nine.

The boys will repeat the game in Ocala next Thursday, which it is hoped will be more interesting and less one-sided.

The boys say the Anthony Kids are sprouting whiskers and look big enough to be American-Spanish war veterans.

**You Know What You Are Taking** When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle, showing that it is simply Iron and Quinine in a tasteless form. No cure, no pay. 50c. t

### Discoveries at Spring Grove.

Prospectors from Ocala have been visiting this section for several weeks. Pools, bays and spring heads have been searched for traces of oil and other substances. It is reported upon reliable authority that traces of gold have been found on the lake shore in the vicinity of Yellow Bluff. That phosphate has been found in large quantities on Lake George seems now to be no longer doubted, so that this section of Marion county is likely to come into prominent notice in the near future.

How it reddens the skin, itches, oozes, dries and scales! Some people call it tetter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.

**Hood's Sarsaparilla** positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's Pills are the best cathartic. Price 25 cents.

### As to the Schley Inquiry.

This is the way the Times-Union & Citizen puts it:

A correspondent asks, "what will be the result of the Schley inquiry?" Perhaps we should not tell in advance, but the question is so earnestly put that we venture to answer.

There can be but one verdict—a condemnation of its administration. If Schley is found guilty of reprehensible conduct, why did Secretary Long recommend him for promotion, and why did the president send in his name to the senate? After expressing want of confidence by putting an officer inferior in rank over the head of Schley, was the president so ignorant of the facts as to applaud him for guilt and promote him for incompetency?

But, if Schley is vindicated, the treatment he has received from Sampson, Crownshield and Long has been so outrageous that Long would feel called upon to resign immediately, and the other two men must call for an investigation for their vindication.

In either case, could anything be worse for the administration than this court for which Long and Sampson have maneuvered so long and so ardently expressed their wishes and their hopes? It is expected that Schley's personal character will be vigorously attacked, and most obloquy may be heaped on him in this way, but would the disgrace of a man who had been recommended for promotion help the president and his advisers?

### A Summer's Trip at Little Cost to the North.

A personally conducted excursion will leave Jacksonville at 7:45 p. m., Saturday evening, September 7, taking in Cleveland, Toledo, Detroit, the Pan-American Exposition at Buffalo, Niagara Falls, and many other points of interest.

The route will be through Atlanta, around Lookout Mountain at Chattanooga, thence through the meadows and villages of the blue grass region, Cincinnati, etc.

The rates have been greatly lowered for this trip, and in order to secure space, either in the coaches or Pullman sleeping cars, application should be made at once.

This will undoubtedly be the largest and grandest personally conducted tour, as well as the cheapest, that will be operated from this section this year, and will include representatives of the Florida press, state officials, many companies of the state militia, Florida's delegation to the annual encampment of the Grand Army of the Republic, and others.

Mr. H. F. Cary, of 108 West Bay street, Jacksonville, the representative of the Southern Railway, is in full charge of arranging this popular affair, and will be delighted to give promptest attention to any and all inquiries.

The tour will consist of about ten days, but of course it is not necessary to return in that time unless it is specially desired.

## A Good Foundation

Means comfort, peace and health. The blood can't circulate through poor feet cramped and pinched into tight shoes or shoes of unnatural shape. The feet suffer from corns and bunions, and the sluggish circulation affects the entire health.

We sell shoes that are shaped like the human foot, but yet which retain an air of elegance and style. Comfortable shoes are not necessarily ugly—not so at all, if you come here.

## WE EAT MEAT

To grow strong. Unless we get good meat we may as well let it alone. There is no strength in tough meat—instead of giving it, it takes strength to digest it. It pays to be careful in buying meat—be sure to get the best—tender and choice. Pay a little more if need be and put something in your stomach which will put flesh on your bones and strong blood in your heart.
